Experience

Outlier AI — AI Contributor **Nov 2024 – Feb 2025**

- Evaluated and reviewed AI-generated responses for math and programming tasks, ensuring logical correctness and technical accuracy.
- Developed high-quality prompts and test cases, contributing to a 20–25% improvement in solution accuracy and reliability.
- Identified logical flaws and edge cases in AI outputs, improving model performance consistency and overall response quality.
- Collaborated with cross-functional reviewers to validate responses and enhance quality assurance workflows.

Projects

Real-Time Chat App: **Apr 2025 - May 2025**

- Architected a real-time messaging platform using WebSockets, enabling scalable multi-user chat with minimal latency.
- Integrated dynamic file upload and retrieval via Cloudinary, enabling image previews and reducing file handling errors by **60%** within chats.
- Created group chat functionality with message broadcasting for seamless communication among multiple users.
- **Tech**: JavaScript, React.js, Node.js, Express.js, MongoDB, Socket.io, Cloudinary

Recipe Platform: **Nov 2024 – Dec 2024**

- Built a scalable recipe management system, enabling users to browse, add, and save recipes dynamically.
- Designed rendering optimization strategies using React Hooks to reduce unnecessary re-renders.
- Created a responsive UI with lazy loading and code splitting, improving page load speed by 35% and enhancing user experience.
- Implemented client-side search and filtering functionality, allowing users to quickly find recipes based on categories and ingredients.
- **Tech**: HTML, CSS, React.js

Certificates

Full Stack Web Development — *Coursera* **Nov 2024**

Cloud Computing — NPTEL **Nov 2024**

Technical Skills

Programming Languages: Java, C#

Frontend: HTML, CSS, JavaScript, React.js

Backend: ASP.NET Core MVC, ASP.NET Core Web API, Entity Framework Core, ADO.NET, LINQ, Node.js, Express.js

Database: SQL Server, MongoDB

Tools & Platforms: Git, GitHub, Swagger, AWS, Jira

Soft Skills & Methodologies: Problem Solving, Communication, Leadership, Teamwork

ACHIEVEMENTS

Vice President | Mind Over Matter (Analytical Club, LPU) **Jan 2024 – Present**

- Managed club operations under CPE LPU.

NSS Volunteer **Jan 2024 – Present**

- Organized community outreach programs, promoting social awareness and civic responsibility.

Education

Lovely Professional University **2022 – 2026**
Computer Science and Engineering — CGPA: 7.47 *Jalandhar, Punjab*

Prathibha Junior College **2020 – 2022**
Intermediate — *Percentage: 83%* *Mahbubnagar, Telangana*

Narayana Olympiad School **2019 – 2020**
Matriculation — *Percentage: 95.5%* *Hyderabad, Telangana*
